NarcoLens · Evidence pack

C-24133

CONFIDENTIAL · LAW-ENFORCEMENT USE · PROTOTYPE (SIMULATED DATA)

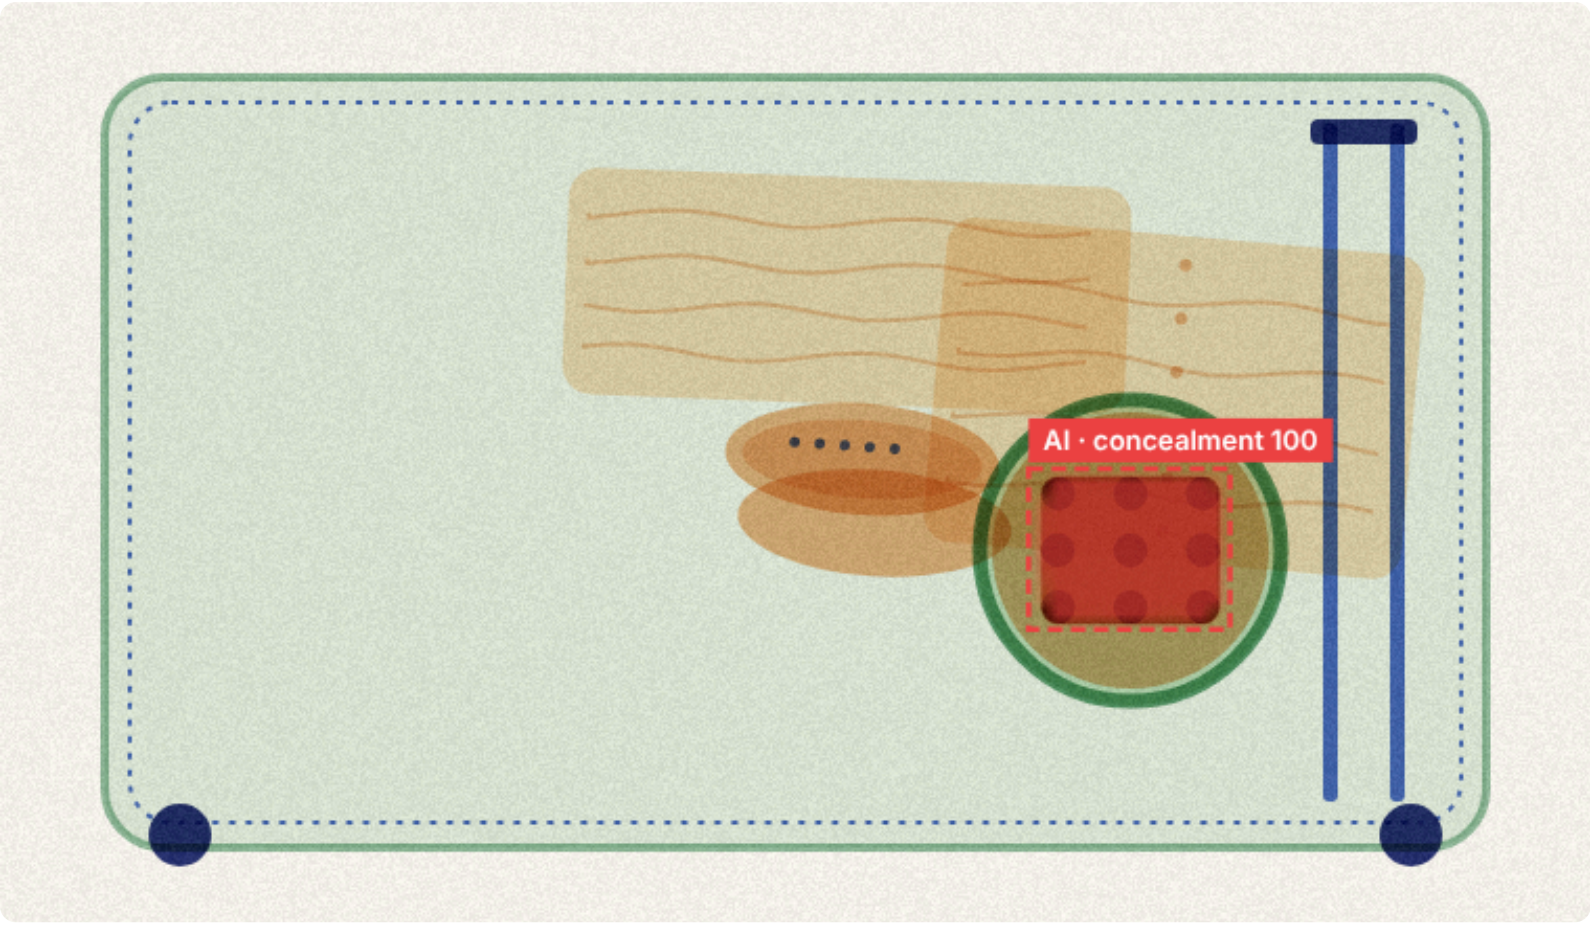

Report hash 15f58e21958c1e19

Tag	BAG-T3-118211
Type	Bag
Site / lane	DXB Airport · DXB T3 · Lane 4
Route	Transfer · Route pattern R-09
Status	Seized · lab confirmation pending
Prepared by	Mariam Al Noor · Pharmaceutical Control Inspector
Generated	2026-11-05 09:18

1 Summary

Fused risk score **99/100** → Seizure recommended. Substance indication: **Amphetamine-type stimulant** (98% spectral match; 78% Amphetamine-type stimulant + 22% Whey protein).

2 X-ray with AI heatmap (M1)

M1 score 100 · 1 region with concealment-like density; strongest 100/100, covering 1.8% of the scan.

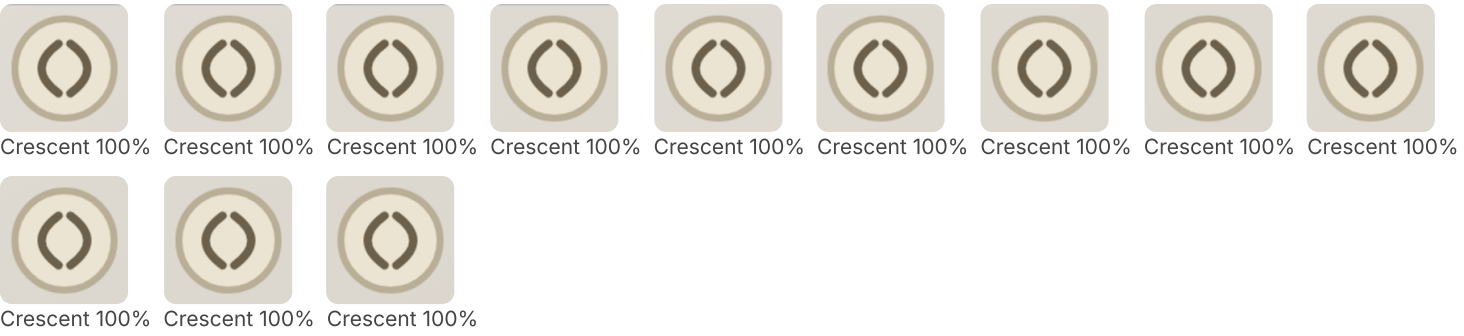

3 Evidence fusion (M5)

Pre-arrival pattern	52
M1 · X-ray anomaly	100
M2 · Package & imprint check	95
M3 · Spectral substance match	98

4

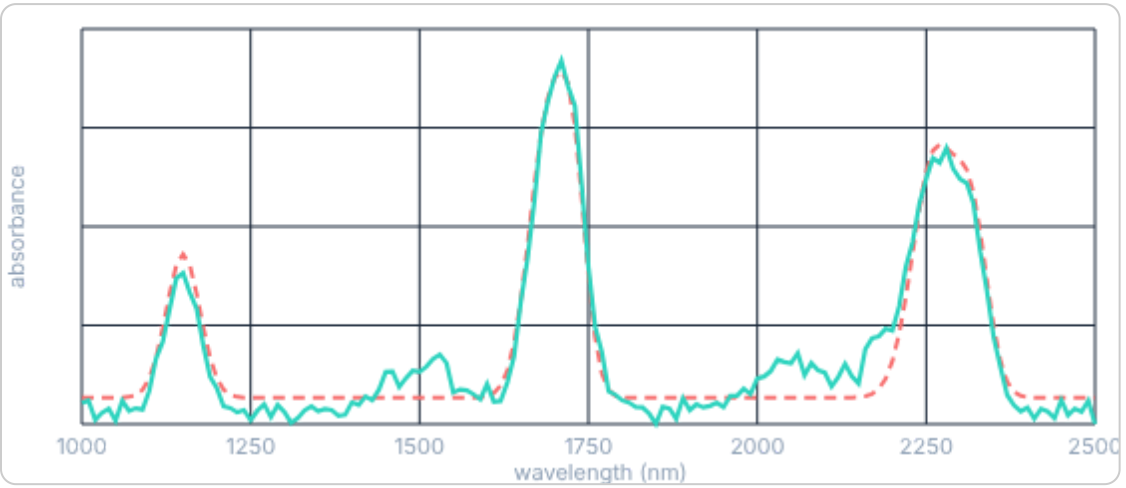

Tablets and packaging (M2)

12/12 tablets classified Captagon-style (avg 100%), 7.6 mm + label not in registry

Physical profile: 12 tablets · 7.6 ± 0.0 mm · circularity 0.93 · #ECE4D2

5 Spectral identification (M3)

Amphetamine-type stimulant · 98% · 78% Amphetamine-type stimulant + 22% Whey protein

6 Chain of custody and timeline

Time	Source	Action
08:34	M5	**Pre-arrival score 52** High-risk transfer pattern; bag 4.1 kg heavier than booking average; one-way ticket bought same day.
09:14	M1	**Concealment-like density (1 region) · score 100** 1 region with concealment-like density; strongest 100/100, covering 1.8% of the scan.
09:14	M5	**Fused score 92 → Open bag · secondary inspection** Routed to inspection queue. Officer notified on tablet.
09:15	OFFICER	**Bag opened by Insp. M. Al Noor · desk 2** Officer accepted the recommendation. Contents photographed with desk tablet.
09:16	M2	**12/12 tablets classified Captagon-style (avg 100%), 7.6 mm + label not in registry · score 95** Imprints from the live M2 model; brand + batch wp-2291 not found in mohap product registry (simulated OCR).
09:16	M3	**Amphetamine-type stimulant · 98% spectral match** Identified through the sealed pouch; 15% of contents. Mixture: 78% Amphetamine-type stimulant + 22% Whey protein. Spectra saved to evidence pack.
09:18	OFFICER	**Seizure by Insp. M. Al Noor · sample sent to forensic lab** Chain of custody started. AI evidence pack (images, spectra, scores) attached.

7 Declarations

AI findings in this pack are investigative leads produced by NarcoLens models. The forensic laboratory result is the legal proof. No nationality, ethnicity, religion or gender data was used in any risk score.
